MENOKEN ND

DAY'S SCHEDULE

9:00a - Registration
9:30a - Welcome & Introduction
10:00a - Alex Fraiser
11:00a - Pat Guptill
12:00p - Lunch
1:00p - 4:00p - Field Tour
4:00p - 4:30p - Q & A

ALEX FRAISER

Alex Fraiser, is a partner in Frasier Farms near Faulkton, SD. Growing no-till corn, soybeans, spring wheat and using interseeded cover crops.

"Alot of regenerative practices can be intimidating to the average row crop farmer. My mission as an agronomist is to help find a way to bridge the gap and demonstrate easy practical ways to bring more soil health to the average farmer".

PAT GUPTILL

Pat Guptill lives in Quinn, South Dakota - a small town just north of the Badlands National Park on a 7000-acre ranch.

"We might be grazing on a piece of land a week or sometimes only a day, but then we don't touch it for a full year so it has a lot of time to recover. If we can't grow grass, we can't make money".

Please RSVP by August 1st

REGISTRATION REQUIRED
